

## Flexibility

*(To tune of "Unforgettable") - Lyrics by Jim Croegaert*

Flexibility

That's what they say

Flexibility

It's the Red Cross way

You might think you

know reality

You'll find out it's a

shifting entity

They want to see how

flexible you can be

Flexibility

That's the key word

Flexibility

That's all we've heard

Baytown's closing

maybe Saturday

Oops! They're sending

Fifty ERV's our way

Please stay tuned and

as flexible as may be

You might think you

know reality

You'll find out it's a

shifting entity

They want to see how

flexible you can be
