

FLEXIBILITY

(To tune of “Unforgettable”)

Lyrics by Jim Croegaert

Flexibility

That's what they say

Flexibility

It's the Red Cross way

You may think you know reality

You'll find out it's a shifting entity

We want to see how flexible you can be

Flexibility

That's the key word

Flexibility

That's all we've heard

Please do this now – WAIT! We changed our mind

Just stay tuned – you see, we're trying to find

Just how good and flexible you can be

You may think you know reality

You'll find out it's a shifting entity

We want to see how flexible you can be
